Now, more than ever, it's important to assess all students' social and emotional skills to ensure a safe and effective learning environment. Quickly pinpoint and address student and school SEL needs with the new Mosaic by ACT SEL Screener which gives:

- a research-backed tool that integrates with all major Learning Management Systems (LMS);
- immediate access to student and school level reports; and
- intervention activities designed to build social emotional skills.

Use the SEL Screener to quickly check in with students and identify SEL needs before implementing curriculum programs.

## Screener Highlights
