## CLUBS YOU CAN START AT YOUR HIGH SCHOOL

Extracurricular activities are a great way to make new friends, develop leadership skills, and explore your interests before entering college or a career. In addition, many colleges look at your extracurriculars to get a better idea of who you are as a student beyond the books. If your school doesn't offer a club that interests you, or you want to show off some of your skills, consider starting a new club. ACT has created this list to help inspire you to think outside the box and try something new.
