

Expand Opportunity at Your School

Hosting the ACT at your school as a national test center is a powerful way to provide students with local access to college admissions testing. If your school is interested in becoming an ACT national test center, the process begins with a simple online request.

1 Submit the Request Form

Visit act.org/test-center-request to express your interest. This form goes directly to the ACT team responsible for evaluating test center needs.

Please note: Submitting the form is the first step in the process and does not guarantee that your school will be established as a test center.

2 ACT Reviews Your Request

Our team will review your request based on testing demand in your area. If there is a need for a test center in your location, a representative will reach out with next steps.

3 Complete the Establishment Form

If your school is selected to move forward, you will receive an Establishment Form to gather detailed information about your site. Filling out this form completely and accurately is essential to avoid delays in the review and approval process.

Completing the Establishment Form is also not a guarantee of becoming a test center, but it is a key step toward being considered.

Why Host the ACT?

- Increase access to college admissions testing for your students and community.
- Establish your school as a hub for educational opportunity.
- Strengthen your college and career readiness culture.

Additional Testing Options

- **Non-Saturday Testing:** Available for students with religious convictions that prevent Saturday testing. Sites may choose to offer Sunday test dates as part of their center setup.
- **Unlisted Testing:** Centers can choose an unlisted option to limit registration to their own students or approved groups.
