## **International Edition**

(Based on VPAT<sup>®</sup> Version 2.5)

**Product/Version: The ACT State and District Online**

**Report Date: January 2025**

### **Product Description**

The ACT State and District Online contains multiple-choice tests in four areas: English, mathematics, reading and science, and an optional constructed response writing test. ACT content experts and developers create the items, which are delivered via Pearson's testing platform, TestNav. This VPAT includes accessibility information for both the content of the test and the platform on which it is delivered.

### **Contact Information**

For questions, please email [VPAT@act.org](mailto:VPAT@act.org)

### **Notes**

Each criterion was evaluated for both the content of the test and the platform on which it is delivered, and these are separately addressed in the rows below. However, the TestNav platform is developed and maintained by Pearson, and the following statements represent only ACT's findings and opinions.

### **Evaluation Methods Used**

Our testing process includes a combination of product knowledge, automated and manual testing, heuristic analysis and internal testing with keyboard, JAWS, and NVDA, and user testing with external assistive technology users.
