

COLLEGE & CAREER READINESS

GRADE:

9-12

LENGTH:

25 lessons

STANDARDS:

Aligns with ESSA Title IV, Part 4; CASEL-aligned

DESCRIPTION

Figuring out life beyond high school – whether that be in the form of pursuing postsecondary school or jumping into a career – is undeniably overwhelming for the majority of today’s high school students.

The College & Career Readiness curriculum empowers students to take charge of their futures by leading their own college and career journeys. Through leveraging the power of SEL Turbo Tools, this curriculum teaches students to master skills that they’ll need when embarking upon the next chapter of their lives: they’ll learn to adapt to increasing responsibilities with confidence.

Packed full of research-based strategies, this curriculum teaches students to craft high-quality applications, find financial aid, research post-graduation options, and establish solid career goals.

OTHER BENEFITS

This program may be used as a credit-bearing course, as a supplement to an existing course, during summer school, during an advisory or homeroom period, or for freshman onboarding.

MORE THAN 94% OF SURVEYED STUDENTS SAW A REDUCTION IN ACADEMIC ANXIETY

KEY CURRICULUM CONCEPTS

- ✓ Setting goals and planning for the future
- ✓ Strategically tackling college applications
- ✓ Creating a professional, attention-grabbing resume
- ✓ Making informed personal financial decisions
